

Is that annual inventory check giving you a hard time?

Would you like a practical and effective Asset Management solution?

easyAsset ... your ideal solution for all the Asset Management & Control needs of your company... it's easy, it's effective, and it will save you time!

Revolutionary barcode technology puts the power back in your hands through a state-of-the-art wireless barcode reader, equipped with a rechargeable battery lasting up to 100 hours of continuous operation! It will save you time, and more importantly manpower since it's so simple to use that it just needs one person to operate!

Custom-built software retrieves all data collected through the wireless device and cross-references it with the existing database to give you a complete and thorough update on the status of all your assets. Not only that, this software can give you precise details and tailored reports on how, when & where your company's assets are moving.
