

- 1 Easy to learn
- 2 Easy to use
- 3 Easy to energize your students

## Let the Learning Begin with the Easyboard Interactive Whiteboard

It's the newest, most robust and exciting digital interactive whiteboard available today. When connected to a computer and a data projector, the Easyboard becomes a large interactive projection screen and your session becomes an entertaining multimedia presentation! It's an integrated solution, combining state-of-the-art hardware with leading edge software, creating a powerful teaching and presentation tool.

### It's an interactive whiteboard.

The comprehensive Easyboard Virtual WhiteBoard software brings ideas to life! Write and draw over projected images, annotate in color, highlight, cut and paste images, and capture it all for future use or electronic distribution.

### It's an information center.

Simply touch the Easyboard surface with the Multimedia Digital Pen and run all computer functions, such as opening files, running digital video clips, or downloading free content from the Internet—from the front of the room. No need to return to your computer and lose the attention of your audience.

### It's Classroom Tough

Made of a hard laminate, the Easyboard surface can take whatever a class can give it, virtually eliminating down time and inconvenience. And, it has a ten (10) year warranty, with product registration.

## The new Easyboard offers:

- Dual pen capability for (2) users simultaneously
- 14 predefined icon softkeys with dynamic Presentation Tools and functions
- Simple method for modifying the color & size of the annotation pens and the width of the eraser
- Intuitive screen capture, viewing and retrieval method
- Virtual WhiteBoard (VWB) to capture and retrieve written ideas in color
- Online Help menu
- Multimedia Digital Pen for accuracy; a second pen available for two (2) users simultaneously
- An adjustable wall mount and mobile stand brackets, making height adjustments quick and easy
- Flexible electronics featuring both onboard USB and RS-232 connectivity
- Durable, hard Formica surface with special matte finish
- Free web-based instructor-led training, toll-free technical support & free software upgrades for the life of your product
- Ten-year warranty with product registration (USA)

## Let the Learning Begin With Easyboard

### *More Reasons to Choose the Easyboard Interactive Whiteboard*

- This easy-to-use digital presentation tool is perfect for education, training and professional development without the need for a lengthy learning process
- Deliver entertaining & informative presentations quickly and easily with software applications you currently use
- Use Virtual WhiteBoard to capture drawings, written notes and brainstorming ideas in color instantaneously
- Full mouse capabilities in the Multimedia Pen. With left and right clicks on the pen, you are always in control of your computer.
- Digital electromagnetic technology is accurate and precise; the pen-tip is small, so picking points is easier than with a larger pen or your finger
- Brilliant image quality with easy-viewing matte finish and high resolution—500 lines per inch.
- Natural writing style: We were taught to write using a pen, not our fingers. Easyboard interactive whiteboard offers the most natural, intuitive way to write
- Enjoy a low product-acquisition cost and great 10-year warranty (with product registration).
